IN RE:	Request of Carolina Power and Light)	ORDER APPROVING
	Company for Enhancements to its)	ENHANCEMENTS TO
	Residential Energy Efficiency)	RESIDENTIAL ENERGY
	Program.)	EFFICIENCY PROGRAM

This matter is before the Public Service Commission of South Carolina (the Commission) on Carolina Power & Light Company's (CP&L's) request for approval of enhancements to its Residential Energy Efficiency Program. Specifically, CP&L seeks approval to increase the maximum allowable loan amounts for heat pumps from \$6,000 to \$8,000 and conservation loans from \$1,500 to \$3,000. CP&L asserts these increased loan amounts will encourage its customers to install the most efficient equipment.

Upon review of CP&L's request, the Commission finds and concludes that the request to increase the maximum allowable loan amounts for heat pumps from \$6,000 to \$8,000 and conservation loans from \$1,500 to \$3,000 should be and is hereby granted.
